Dear Brother Mackey and friends in Christ,

The AWANA program is doing great up in Puerto Cabezas. Sometime if you would like we could have an Olympics up there with some of the men and ladies from your church with the AWANA program. We love you and pray for you brother. Thank you for your prayers for us.

Many have prayed for the Bible Institute; a three year 98 hour program. With a desire to start many more churches in Nicaragua. Training men for the ministry is the answer. God has given us 25 new students with a total of 56 for this year.

Pray with me that we can keep these men in the Bible Institute. They must raise a scholarship of \$50 per month in order to take these classes. Help us pray that the Lord will touch hearts and lead them to help with monthly support of this ministry.

The past two months 376 have been saved many of which have been baptized. God is good!

I dedicated a new church building in Puerto Cabezas this past month. The new church now has a pastor and is growing. This is the second church God has blessed us with in Mesquite Indian country. The fields are white unto harvest, pray with us for many more churches to be built.

These are great days maybe even our last days. How we need to prepare of hearts. Pray to God for Revival! We remember you also in prayer. Yours for the Harvest,

Bob Dayton
