

NICARAGUA BIBLE INSTITUTE

2012—A New Year

Here we are, the first year students! We are grateful God has called all the men to preach. Our burden is to start a church in a village or a town that is without a Baptist church.

We pray for scholarships of \$60 to come in for all of us so we may prepare and study the Word of God. Our school year consists of 10 months per year for three years.

Our training is similar to that of a college. We are trained to be soul winners, Christian leaders and preachers. Please come to Nicaragua and see us. The power of God is here!
