Dear Faithful Co-Laborers,

Happy New Year, we trust that each of you had a Blessed Christmas Season. We would like to thank those of you who gave Christmas gifts to our family it is much appreciated!!!!

Where do we begin, this past year was such a great year for the ministry here in Craig Alaska, we saw souls come to trust Christ as their personal Saviour, we had folks rededicate their lives to the Lord, we had families join the church, we saw our church grow in their faith promise giving to missions, we could go on and on about how much the Lord has done for us, we just want to Praise Him for His goodness!!!

Now, we are excited to see what the Lord is going to do in 2012. Some of the things that we are anticipating are the arrival of Sister Hannah West who will be serving here with us especially in the children's ministry. Also we maybe looking at expanding the church building due to lack of space in our current building this is very exciting because lack of space means growth! Amen!
