Dear Brother Mackey and brethren of Camp Creek Baptist Church,

Thank you for giving to the Fellowship Tract League. Your gifts have helped make it possible for the ministry to print and ship 19,743,627 Gospel tracts thus far in 2010.

We are excited about the door the Lord has opened for us to have a mail center in India. The container of 10 million tracts for India will be shipped on May 11, and will be used for the mail center there. Once the container arrives, a box of 3500 tracts can be shipped within the country of India for less than \$6.00 in postage. This postage for the same size box shipped from the United States would cost either \$23.00 by M-bag or \$43.45 by Flat Rate International Box.

Another door that the Lord is opening is a mail center on Negros Island in the Philippines. Although we do not have a target date for this shipment, we certainly pray that it will be this year. A box of tracts shipped within the Philippines for approximately \$9.00 in postage would cost either \$23.00 by M-bag or \$43.45 by Flat Rate International Box if shipped from the United States.

We are thankful for answered prayer regarding the computer-to-plate machine that we so badly needed. This was delivered in March and has already been a blessing as it has increased the production and quality of the tracts printed. Thank you for praying for us regarding this need.

What a blessing to have friends such as you who pray for and support us as we strive to reach this lost and dying world with the Gospel! Thank you so much for being a part of this ministry.

Joyfully Serving,

Brother Bruce DeLange
