Dear Pastor Mackey & folk at Camp Creek Baptist Church

"...to value highly, treasure, cherish, hold in high esteem" and a few more. These are all definitions of "**appreciate**". This word is used so often that it almost has lost its impact and does not accomplish what we intend: Namely to let you know just how much something means to us and how grateful we are.

We appreciate your faithful support in prayer and giving and say a heartfelt '**thank you**'.

\$ 75. - in February
\$ 75. - in March and
\$ 75. - in April.

Please continue to **thank the Lord** with us for safe travel these four months. The old Camry is complaining some but holding out. It demanded new tires by simply breaking the old ones; it squeaked for a belt or two; it darkens the oil and, of course, it drinks gas on a regular basis. But it keeps on going – almost like the infamous bunny!

Our prayer requests are:

We do **need accommodation**. A brother in Christ offered a temporary stay at an empty house. It is not insured and cannot be occupied.

Also a more suitable **meeting place** is needed. We are grateful for the room at the local Family Y. but it is upstairs and there is no lift. Store front? Other?

I'd sure like to **pay a lot less for gas** than we all pay at present. ☺

We are asking the Lord for **co-laborers**. Come on over and help us?

Thank you for loving the LORD, for sharing His provision with us (and other missionaries and ministries), for being a blessing, and for **praying**.

With grateful hearts,

the Williams

Howell (Hal) and Ruth
